**WITH REFERENCE TO MY THEORY OF THE THEORY OF TIME DIMENSION;
PARENTHETIC TO GRAND UNIFIED THEORY:**

Time dimension **itself** is the **universal constant** through equitable factor of the magnitude of time per unit of energy is equal to the magnitude of energy per unit of time, by the **atomic law** ($\bullet = 0 = \infty$) of the universal exchange of energy towards both the endless extent of tiniest and vast values, as **spectrodynamics**.

WHEREFORE:

Energy $\propto \frac{1}{\text{Time}}$ = The value of the power point (\bullet) that is diagonally reversible conical spin, parenthetic to Spin1C $0 \equiv 0^\times$, complying mathematical equation of the cross referential division followed by addition of the sequence of the fundamental divisible numerals as stated in my theory since long past.

WHERE:

The decimal (Tenth) is the faceted singularity of the value of the **power point** that is **2•** (Analog) wherein do not confuse with the total decimal point value.

AND WHERE:

Energy value is always **constant** by Time value and vice versa according to input (Fusion) of the energy exchange AND Energy value is **inconstant** by Mass value according to output (Fission) of the energy exchange, encompassing both the endless (∞) extent towards tiniest and vast, called universal cycle of energy. This is the denotative field value of the **wholeness** of the **Zero (0)** of entirety.

THEREBY INFINITE CONSERVATION OF ENERGY:

Energy $\propto \frac{1}{\text{Time}}$ is **constant** by the certainty principle.

Energy \propto Mass OR Energy $\propto \frac{1}{\text{Mass}}$ is **inconstant** by lacking of certainty principle.

- In perspective to both the endless (∞) extent of tiniest field value and vast field value, in context of **wholeness** of entirety; it is certain that energy neither created, nor can be destroyed, **not either can be divided** by the mathematical law of the **power point (2•)** to ensure **peace** against fatality of mass homicide. This is the significance of Spectrodynamics of Time•Energy Transposition as stated in my Theory since long past. This is authentically called **ubiquity**.

JUSTICE TO MY THEORY OF TIME DIMENSION.

SYNOPSIS OF TIME DIMENSION

- ∴ Energy = $2 \cdot \text{Power Value}$ encompasses both conservation and conversion of energy as per Spectrodynamics is called **decimal power point value**.
- ∴ Energy = $2 \cdot 03^\infty$ is the infinite fundamental set value of the power value of emission of energy, **triggering fission (Bit)** as said, namely Spectrodynamics.
- ∴ Energy = $2 \cdot 01^\infty = \text{Time}$ is constantly holding **equitable balance of power** by infinite value, **triggering fusion (Pause)** as said, namely Spectrodynamics.
- ∴ $2 \cdot \bullet = 0 = \infty$ defines infinite range of **pixel** as infinite range of the energy exchange towards both the endless (∞) extent of tiniest and vast field value of infinite circumference of the **wholeness**, caused by the Spin1C $0 \equiv 0^\times$ as stated, namely **atomic law** of the indivisible as well as inseparable atom.
- ∴ **Time Dimension** by Time•Energy Transposition is the **Universal Constant**.

CONCLUSIVE STATEMENT:

The **Om̄** is the mnemonic wordle of the monosyllabic gist of the time dimension.

My Theory of the Theory of Time Dimension (Grand Unified Theory) duly covers mathematics, physics and peace as significantly said **since long past**.

Mathematics is the epitome of irrefutable logic. **Physics** is the best finder of the relation between creation and its cause of the root of the mother nature by the application of math. **Peace** is the footprints of time by one's signature of psyche. Education is the process of forming rational mind for being **wise**. Wishing a healthy planet governed by the irrefutable logicity of the wise.

SYNOPSIS OF TIME DIMENSION

COMPLEMENTED WITH NOTES ON 10/11/2024 OF UTC.

$2 \cdot 10^3 \infty$ is the infinite fundamental set value {Time, Energy and Field} of the power value of the emission of energy, triggering fission (Bit) as constantly said, namely **Îsa** of the Spectrodynamics, encompassing both the endless (∞) extent towards tiniest field value and vast field value of the infinite circumference of the wholeness of the Zero (0) as both the **subset** {0} and the **superset** {0}, as authenticated by the certainty principle of the trilogy of mathematics for justly understanding **irrefutable logic** by all academic institutions of the world.

The Zero (0) is the constant power value of the power point ($2 \cdot$) of the endlessly variant magnitude of the Spin1C $0 \equiv 0^\times$; resultant to the rate of time span of the Time•Energy Transposition, which is called **cosmosecond**, duly validated by the mathematical law of the **decimal** as stated by Bēda since long long past. Decimal does not lie. This is the cause of the point of no return in **space science**.

The wholeness of the Zero (0) of the infinite circumference of the **Îsa** is the inimitable identity of the Aryans and the Aryan academic institution/s, as **Vedic**.

Sovereignty cannot be given or enjoyed by any individual unjustly. Sovereignty must be earned by the exceptional merit of excellence of irrefutable logicity, through contributory axiomatic tenet(s) as the meaningful signature of psyche.

NOMINATION AND RECOMMENDATION
