MY LAST LETTER

UNDER WITNESS TO THE WHOLE CHARTER OF THE UNITED NATIONS:

With the standpoint of the desired motivational gist of heading of the Charter of the United Nations, contextual to peace, dignity and equality on a healthy planet; A planet of the logically prudential policy/ies of the psychologically sublime inhabitants is called a healthy planet.

WHERE:

Peace, dignity and equality automatically appears by the psychology of the logic of intelligence instead of the illogicality of guile, as an impact of equal psycho-evolution of the psychologically sublime inhabitants of the planet called human.

RELEVANTLY:

The **Sublimity** of the psychologically sublime by the irrefutable logic of the intelligence that is **wise** is the first and last condition of **humanity**.

The Logic of Intelligence says that the claimant of human rights is conditional to **wise** psychology, as reflected by the desired motivational gist of heading of the Charter of the United Nations.

This is the irrefutable logic that says that so long **wisely** human duties will remain active until then human rights will remain active.

This is also the irrefutable logic that says that no authority created under the Charter of the United Nations is supreme; it is the Charter of the United Nations which is supreme as an **inspirational impact** of the psychological amelioration for **humanity** alike Hymn 68/1st Chapter of the *Katha Upanishad* of the **Bēda**.
