UNDER WITNESS TO ALL MY RESEARCH WORK ON BĒDA, MY LIFETIME REALISATION AND MY LAST LETTER:

The sublimest of the psychologically sublime by the irrefutable logic of the intelligence that is **wise** is the first and last condition of humanity.

Guile habitually inspires to be guilty whereas Intelligence habitually inspires to be **wise** for equitable governance, aimed at humanity, honesty and peace.

Wise is the one who can distinguish the logic of intelligence from the illogicality of guile by the axiomatic tenet(s) of their axiomatic quotient.

No authority created under humanity is supreme; it is humanity which is supreme by the quality of being **wise** as functional authority of all constitutions. The constitution cannot interpret ownself. There is the need of axiomatic tenet.

Unitedly peace, dignity and equality on a healthy planet wholly depends on the bona fide justice of humanity. Nothing happens without a cause. Therefore: the **wisely act** by the irrefutable logicity of the equitable law bound by the cause and consequence is the bona fide justice of humanity.
